## **Where?**

Schedules and locations are TBD but we will have home games here in Keizer along with some travel approximately an hour away throughout the Northern Willamette Valley.

## **What?**

**“Fall Ball” League**—The Fall Ball League, is an instructional league for players, coaches and organizations looking to improve their league baseball skills while having a good time. We are planning to join Washington County JBO who are looking to have over 40 teams across the three levels. Each team will play a schedule at their own level (Juniors against Juniors; Midgets against Midgets, etc.) against competition from around the Washington/Yamhill/Columbia/Marion County area. The idea is to provide “move-up” kids (those moving into Midgets and those moving into Juniors or Seniors) or those looking to improve their skills, a chance to play a set of additional games against competition from all around Washington/Yamhill/Columbia/Marion County area.
