

2012 KYSA Umpire Program

This year KYSA will continue to provide quality paid umpires for all levels of play for drafted teams. Oversight and coordination will provide scheduling certainty and remove last minute parent volunteer problems.

- Each team will be required to provide a minimum of 2 umpires that will be included in the complete umpire pool.
- Umpires will not be calling a game that includes their own children.
- Teams will need to provide their minimum of 2 available umpires **no later than March 7th**.
- Potential umpires could include parents, grand parents, friends, and High School students with some baseball knowledge and interest.
- Umpire equipment will continue to be made available.
- Time for umpire games will go towards the KYSA volunteer requirement of 12 hrs/season.
